LaCrevette

"LaCrevette" is a beautiful and lightly used Marlow Mainship Pilot 37, showing casing the NEW Marlow Mainship line. This vessel was built for an experienced yachtsman and friend of Mr. Marlow's. It contains several special details that include items like awlgrip hull paint in flag blue with an oyster white super structure just like the famous Marlow Explorers.

This two stateroom/two head vessel with her large salon and warm Brazilian cherry hardwood paneled flooring and cherry interior extend comfort throughout. Her light weight Nita core construction and superior new hull design with Marlow proprietary strut keels offer a comfortable ride in all sea conditions. Powered by twin 220HP

Yanmar diesel engines she is sipping a total of 2 GPH at 8 KTS providing a great cruising range. She is also capable of running at over 21 KTS as well when speed is desired.

This is an opportunity to own a virtually new well equipped Marlow Mainship 37 without the wait of construction!
