Sea Biscuits

“Sea Biscuits” is the perfect yacht for a cruising family or couple looking for adventure. This twin engine Mainship is very well maintained and has such a comfortable layout you might just find yourself enjoying life on the water for weeks, if not months at a time! Sea Biscuits has twin Yanmar engines for better maneuverability and a faster cruising speed. This is the newest, cleanest, best priced 400 Mainship Trawler on the market and is sure worth a closer look. The owner has spared no expense and she has numerous upgrades to include, an Alwgrip painted hull – Red (looks great and requires less maintenance), Three Captain’s chairs on the fly bridge, new custom canvas, fuel polishing system and custom mounted genset for easier maintenance.

Engine Make:	Yanmar	Hours:	535
Primary Engines:	Inboard	Power:	240 hp

Salon

Walking through Double Freedom doors with screens from the cockpit you will find the salon located on port side of this beautiful vessel. The salon has a multi-purpose settee, this settee can serve as a pull-out bed, storage unit or just as a place where you can sit back and relax. The two cubed shaped wicker foot stools in front of the settee can be used as storage units as well.

- Cherry interior
- Double Freedom doors to cockpit with bug screen
- Interior lighting
- Sliding windows with screens
- Dual zone air conditioning with reverse cycle heat
- Bose stereo system with CD & DVD
- Flat panel TV - wired for cable
- Designer storage sofa
- Decorative window treatments
- Tufted pile carpeting with protective runners

Galley

The galley is located on starboard side and the first thing you will notice is the user friendly and well thought out arrangement. The teak cabinets allow for ample amounts of storage and are complemented by an off white corian countertop. The galley has all of the comforts of home including a large double sink, oven, microwave, and a full size Nova Cool AC/DC refrigeration.

- Corian Counters
- Double Sinks with Designer Faucet
- Full Size Nova Cool AC/DC Refrigeration
- Oven
- Princess 3-Burner Electric Stove and Oven
- Power Ventilator
- Trash Bin
- Under Counter Storage

Helm

You'll find the Flybridge Helm Station to be comfortable with everything at your fingertips, offering complete comfort of handling the boat from this vantage point. The helm and seating area can be completely enclosed with canvas and Strataglass, so is comfortable in cold or wet weather conditions. This helm layout offers a great expanded living area with a folding table and awesome outdoor grilling area with a sink and icemaker. This is a great spot for entertaining, relaxing, or just enjoying the view.

The Lower Helm is also comfortable, fully protected, and features a starboard side door to access the deck for easy docking and maneuvering. Electronics, Autopilot, Bow Thruster Controls, and complete engine instrumentation and controls for all systems are conveniently located here.

Flybridge

- Raymarine ST6002 Auto Pilot
- Raymarine E120 Radar/Plotter
- ARC Spot/Search Light Remote Control
- Side Power Bow Thruster
- Kenwood Marine Stereo with Sony Speakers
- Rudder Angle Indicators
- Uniden VHF Radio

Lower Helm

- Faria Engine Instrumentation
- Raymarine E-80 Radar/Plotter
- Side Power Bow Thruster
- ARC Spot/Search Light Remote Control
- Rudder Angle Indicators
- Raymarine autopilot control
- Uniden Wireless VHF Mic (can be used anywhere on vessel)

Port Guest Stateroom

Down three steps and forward to port is the Guest Cabin with twin lower berths. Each berth lifts for storage below. Above the berths are four cabinet doors for storage. At the foot of the outboard berth is a reading light, a CO detector and a cedar lined hanging locker with auto light. Above are both an opening screened hatch and a small porthole for ventilation. The sole is carpeted, there are accent lights built in and an AC vent from the main system.

2 Single berths with high density foam mattress

- Hanging locker
- Reading lights
- Opening SS port lights with screens

Master Stateroom

The master stateroom has a centerline queen island berth with two drawers at the foot of the berth and additional storage below. Above the berth are two reading lights and an escape hatch with a sliding cover and screen. To starboard is a double door cedar lined hanging locker with auto light. Aft is the entrance to the Head. To port are two cabinet doors, one with shelves within, the other a cedar lined hanging locker. Two opening screened portholes provide excellent ventilation; two fluorescent overhead lights provide plenty of illumination.

- Center island queen berth
- Drawers under berth
- 2 Cedar lined hanging lockers
- Reading lights
- Cabin hand rail
- Opening SS port lights with screens
- Opening hatch with sunshade

Head

The single Head has a fiberglass inner, a molded tub shower combo with a bi-fold door and a side light, a stainless steel sink, Vacuflush head, storage below the sink, a top loading hamper, and opening porthole and an AC vent. The Head is dual access from the Master Cabin as well.

- Molded FRP head compartment
- Corian counter tops
- Stall shower with tub
- VacuFlush head with holding tank
- Vanity and mirror
- Opening SS portlight with screen

Electrical

“Sea Biscuits” has the highest power option featuring Twin Yanmar 240hp Turbo Diesels with only 535 hours. There is an 8KW Kohler 165 hour Generator in the aft lazarette enclosed in a sound shield. The generator has been rotated for easier service. (An extremely **efficient fuel polishing system has been added** which is capable of polishing fuel in less than one hour below 1 micron filtration for more trouble free engine operation. There is a Seafire Fire Extinguishing System Halon 1301 in the engine room.)

- 8KW Kohler Generator with sound shield
- Pro Mariner Protech 1250 50amp Battery Charger
- AC/DC Control Panel with Marine Grade Breakers
- 50' - 50amp power cord and Y connector for 2-30 amp cords (fore & aft connections)
- Blue Sea (PN5511e - e Series Battery Switch Dual Circuit Plus) Automatic Combining Relay for emergency crossover of added Group 31 Starting Battery and 8D Batteries
- Bonding System with Transom Mounted Zinc Anode
- Color Coded Wiring Harness
- Three Electric Bilge Pumps
- GFCI Protection Throughout
- ZF Transmissions
- Marine Air Reverse Cycle Air Conditioning
- VacuFlush Head System
- Twin Yanmar 240HP Turbo Charged Diesels
- Oil X Change-R Oil Change System
- ZF 63A2.5 Transmission A=2.52 B=2.54

- Engine Fuel Supply in two (158 gal. rated each) tanks - 5052 Aluminum with shut off valves at bottom of tanks
- Tail Shaft 1.75" Aquamet Stainless Steel
- Propellers: 24" x 20" M-Cup Tip
- Bow Thruster: 95-T1 12 Volt DC
- Bennett Trim Tabs
- Micro Commander Dual-Station Electronic Engine Controls
